Dear Steve, Jim and members,

I am writing to thank you all at South Croydon LTC for so kindly donating the wonderful sum of £331.00 to The Royal Marsden Cancer Charity. I understand these funds were raised through a fun tennis tournament. In due course, the Gift Aid for these donations should bring in another £82.75.

In addition, we would like to thank everyone for the two donations towards Rally for Kids wristbands; £116.87 in November and £47.90 in December. This money will be split between the Royal Marsden Cancer Charity and The Elena Baltacha Foundation. The total fundraising from the club over the last few months comes to a superb £578.52!

Your support is hugely appreciated and will go directly towards enabling The Royal Marsden Hospital to change the lives of thousands of cancer patients and their families across the UK, benefiting patients quicker than ever before and moving us all closer to a future beyond cancer.

The Royal Marsden is at the forefront of cancer diagnostics with state-of-the-art MRI and CT scanners. In our new West Wing in Sutton, later phase clinical trials are being run in a research focused environment, with a dedicated team of staff, an on-site laboratory and pharmacy. The brand-new da Vinci Xi robot dual console will enable the next generation of surgeons to be trained at The Royal Marsden. All this progress and more can only take place because of your superb fundraising efforts and those of other people like you.

On behalf of all the staff and patients here at The Royal Marsden, please accept our heartfelt thanks for your tremendous support and for helping to make a difference to the lives of all the patients in our care.

With my best wishes,

Jean Eve
Tennis Liaison Officer
